Confezioni - Packaging	6	1	1	1

Gli engobbi sono proposti in 56 colori diversi. La loro principale caratteristica è la base argillosa che gli conferisce buona copertura sulle ampie superfici e grande facilità di uso. Tutti gli engobbi possono essere usati indifferentemente sia su argilla cruda (greenware) che su biscotto. Perfetti per graffito.

Qualora si desideri una finitura lucida, matt o craquelè applicare una delle cristalline Colorobbia Art sul biscotto engobbato. Pasta Bianca a rilievo per contornare, perfetta per l'uso a peretta (HC-0610).

PREPARAZIONE-APPLICAZIONE-COTTURA

Agitare prima dell'uso e, se necessario, diluire con acqua. Applicare da 1 a 3 mani. Applicazione a pennello, spugna, drops, sticks. Possono essere lasciati alla loro naturale finitura matt oppure trattati con cristallina trasparente apiombica HC-0001-B a pennello o con HC-0004-D ad immersione per una finitura super brillante. Temperatura di cottura 950°C-1000°C (cono Orton 08-06).

Engobes are ceramic colours offered in 56 different colours. They are clay based which give solid coverage on large surfaces and are easy to use. All engobes can be used both on greenware and bisque.

Use filigrana for a fun raised effect on your pottery. Shake jar well and refill in detail bottle. Gently squeeze bottle to create design on your piece. Filigrana (HC-0610) comes in white only, but a little bit of Bellissimo can be added to change colour for fun effects.

Purchase jars of filigrana (1 pint) and use any detail bottle you have or use Colorobbia detail bottle, which includes two size tips.

PREPARATION-APPLICATION-FIRING

Shake well before use. If necessary dilute with water. Apply 1-3 even coats to mature 04 bisque. Application by brush, sponge, sticks; perfect background for sgraffitoing.

Can be left unglazed to achieve their matte finish.

Apply transparent superclear lead free HC-0001-B by brush or HC-0004-D dipping to achieve super brilliant finish.

Airbrush application for professional use only.

Firing temperature 950°-1000°C (Orton cone 08-06).
